QUEST.

The Election.
SAN FRANCISCO, March 30.—At 10:30 a. m. the total vote of the City is 14,635, against 19,614 at the same hour at State election last September. This indicates a light vote which is generally to be considered favorable to the Workingmen. On the other hand it is noticeable that as compared with the same hour at last election the heavy citizens wards, such as the 6th, 8th and 10th have cast a larger relative vote than the 7th, 9th, 10th and 11th, which are Workingmen's strongholds. The Workingmen claim that between 12 and 1 o'clock they will swell their record materially.

At 12:30 the total vote cast was 18,845, or about 8,000 short of vote at same hour at last election. At this rate less than 35,000 will be polled. Against the probability of a light vote favoring the Workingmen is the fact that owing to the difference in the time of the polls the character of the ballot-boxes is known as they lie in the boxes, and those who have been on the watch claim that the Citizens' Union ticket is ahead, even in some strong Workingmen's precincts. There is not much talk of switching, though more or less is being done. Thus far the election has been the quietest ever held in the city.

The Vote.
SAN FRANCISCO, March 30.—An analysis of the vote up to 12:30 shows that while the strong Citizens Wards are voting up to within one-eighth to one-sixth of their vote, at same hour last September the workingmen's precincts are from one-quarter to one-third behind.

SAN FRANCISCO, March 30.—Total vote in the city, except two small precincts, 30,607. The belief is that the Citizens' ticket is ahead. The Workingmen protest against counting the Citizens' ballots because they are not of the tint required by law.

San Mateo county gives Byrnes, R., for 86,000, about one hundred majority.

Insanity.
SAN FRANCISCO, March 30.—Geo. Mitchell, a painter was arrested last night on a charge of insanity preferred by his employer. He had become insane over the "15," puzzle and covered the floor and walls with figures in an attempt to solve it.

After the Indians.
SAN FRANCISCO, March 29.—A Tucson despatch says: "The following commands have been sent from Arizona to report to General Hatch, with a view to the pursuit of Indians under Victoria. Captain McLellan, with Co. L, 6 Cavalry; Lieutenant Gatewood, in command of a company of Indian scouts, and 25 men of 8th Cavalry; and Lieutenant Miller in command of 15 men of the Sixth Cavalry; and one company of Indian scouts. Victoria is reported to have 200 warriors, and is now east of the Rio Grande. The entire command of General Hatch in the field will not exceed 700."

Suicide.
MARTINSVILLE, March 30.—Daniel Jones, married, aged 25 years, died from the effects of an overdose of morphine taken with suicidal intent this afternoon. Cause, domestic trouble.

Rice Strike.
BUREAU, March 30.—It is now a well established fact that an important development has been made in the Albion mine. They claim twenty feet or more assaying \$120 per ton. The strike is important as showing a continuation of the great Ruby Hill lode to the westward of the Richmond mine.

The Chinese Mission.
WASHINGTON, March 30.—Pres. Angell of the Michigan University, is here awaiting a consultation with the Secretary of State, with reference to his appointment as Minister to China. The Secretary first offered Angell the honor of serving as President of a commission to negotiate a treaty with China. This was declined; then the Secretary offered to clothe Angell with the full powers of an envoy extraordinary which was accepted on condition that he was to be empowered by no policy of the administration nor instructed as to what terms to offer or accept from China. President Angell insisted on confining his official action to his own views of what was just and desirable. He agreed to commence an investigation of the Chinese problem without prejudice. These conditions were accepted by the Department, and he will go to China uncommitted to any policy but prepared to investigate the subject of Chinese immigration thoroughly, both in California and in China. His instructions will, therefore, be nominal. When asked to-day for an explanation of his views on the question he is to consider, Angell remarked that he had no views; that he should first learn the Chinese alphabet.

WASHINGTON, March 30.—It is reported that a private circular attacking the third-termers scheme has been sent out by the Blaine club of this city. It is addressed to various Republican newspapers, and while the third term proposition is severely denounced, no reflection whatever is made on Grant.

Murder.
WASHINGTON, March 30.—James Edward Johnson, colored, was shot dead last night Joseph, alias, Big Foot Johnson. White. The shooting took place in front of the store, which George C. Hirth, recently murdered, occupied.

MISCELLANEOUS.

WASHINGTON, March, 30.—Pacific Mail Company has filed papers with the Senate Judiciary Committee declaring that no contract has been signed between it and the Pacific railroads with reference to the matter under investigation, accordingly it has no existence in fact. Senator Bailey, who introduced the resolutions asking for an investigation said last evening that if what is asserted by the Steamship Company shall be true, of course, there could be no legislation prohibiting that which does not exist.

WASHINGTON, March 30.—The Republican Senators caucused this morning on the clause of the immediate deficiency bill proposing to amend the law concerning the appointment of Deputy Marshals of election and unanimously decided to oppose it as a rider, and to resist all attempts to force it by filibustering. The clause which the Republicans dislike is Garfield's amendment adopted by the House, which provides that the Deputy Marshals shall be appointed equally from both political parties.

WASHINGTON, March 30.—While Senator Thurman was speaking on the General Award bill yesterday, he was taken suddenly sick and obliged to retire from the Senate Chamber. The Senator suffers from a rush of blood to the head. He lay down for awhile in the cloak room. It is nothing serious.

CHARLESTON, March, 30.—Amelia Lenth, who killed a Baltimore drummer named Halsman for seduction, and was acquitted, was to-day married to Charles Little, an officer of customs. The child goes with the party.

ALBANY, N. Y., March 30.—The Democratic State Convention for choosing delegates to the Cincinnati Convention, meets at Syracuse on April 20th. The Call invites Democratic electors of the various Assembly Districts, and all others who intend to support the nominees of the Democratic National Convention, to send delegates to Syracuse.

Murder.
NEWPORT, Ky., March, 30.—This morning at 5 o'clock, while going from a ball, three well known young men of this city, who had quarreled about a young lady, renewed the altercation and Joseph Ritter twice shot Charles Theis, killing him. Both were drunk.

Church Row.
PITTSBURG, March, 30.—A disgraceful row between two factions of the Oak Valley Presbyterian church occurred yesterday morning at the house of Janitor Whithier. One faction had gone there to avoid collision, but was met by the other party. A struggle ensued for the possession of the premises, in which vehement language and chair throwing figured, and which was topped by the police.

Killed.
NEW YORK, March 30.—Peter Smith and Patrick Cantwell, tinmiths, were blown from the roof of the Seventh Regiment Armory today and killed.

FOREIGN.
PARIS, March 30.—The decrees against unauthorized religious societies will be published to-morrow. The first concerns the Jesuits only, while the second affects all unauthorized congregations. The first decree says, that the Government, considering that further tolerance cannot be extended to a society against which the national sentiment has declared itself, has resolved to dissolve the association, and the establishments occupied by its members must be closed and vacated within 3 months, which period may be prolonged until August 31st in the case of the educational establishments attached to the society. The second decree provides that unauthorized congregations must apply to the Government for authorization, and that such bodies as shall not ask or eventually obtain authorization shall be dissolved.

Devoted friends of DeFreycenet affirm in the most absolute manner that he will go no further than dissolving the Jesuit establishments. Dispatches from London state that the English Catholic aristocracy will provide an asylum for Jesuits who may be expelled from France. The unauthorized religious communities in France number 384 for women with 7,440 members and 602 for men with 14,093 members. The bulk of these are not Jesuits. They will be summoned to submit their statutes to the Government for authorization. Paris and its subjects contain 123 Jesuit communities, and the Jesuit colleges of France number 27.

DUBLIN, March 30.—The Home Rule League has passed a resolution declaring that the treatment of Parnell at Ennisclawby by a hired mob of rioters throws the deepest disgrace on O'Connell and all concerned in the outrage.

Our Wine Interest.—The S. F. Chronicle says:

Another evidence of the thousand and one resources and mercantile possibilities of our State has just been found in the exportation of our native wines to Europe. The German bark Stella, loading at the Valjo street wharf, is being freighted with 100,000 gallons of wines of the vintages of 1874, '75, '76 and '77, which are old enough to bear a double trip across the equator. This wine is consigned to a Bremen firm. This is the first vessel which has been chartered to carry wines from California to Europe. Small quantities have been sent heretofore, which have been mainly used for improving purposes. The Germans, owing to the failure of the grape crops, the ravages of the phylloxera and the inferior qualities of their own vintages, have for several years past imported Turkish and Egyptian wines. The California wines upon trial have been found to be so rich and well flavored that the Bremen firm decided to import upon a large scale. The purchase of this large quantity of wine, and the information that it was shipped for the European market and that the demand would be likely to increase, have made the market here very firm.

St. Louis Republicans opposed to a third term have called a mass meeting for May 6th.

General Grant will spend the Summer at his Galena home.

Considerable sickness in Bakersfield.
